Open Surgeries

Each morning 8.30-10am “walk in” surgery with no appointment needed.

Book on the day Surgeries

Telephone or call in person to make an appointment to be seen that afternoon.

Appointment Surgeries

You may make an appointment to be seen up to 4 weeks ahead in person, by telephoning during surgery hours or booking on-line (same process as ordering prescriptions on line, detailed below). Patients are not registered with a specific doctor. You can see whichever doctor you choose. If you are unable to keep an appointment, please let us know

Access

There is car parking space at our purpose built surgery and easy access for wheelchairs.

Repeat Prescriptions

You will receive a list of your repeat prescriptions. When re-ordering medication, tick the items you require and either post or deliver the slip to the surgery. We are also happy to receive requests for repeat medication by fax, but please avoid telephoning orders if at all possible.

You can now order your repeat prescriptions on line. Please speak to a receptionist or dispenser and they will organise your password

Please allow 2 working days for collection

We can dispense medicines for most villages, except Kimbolton, Stonely and a few outlying villages. If you live in one of these you will be given a prescription to take to a chemist. We deliver medicines to some villages. Please ask our dispensers for details.

Telephoning your Doctor

If you wish to speak to a doctor on the telephone you will be asked for your telephone number and the doctor will call you back, unless you would like to call at another time.

Home Visits

If you are too ill to come to the surgery, a home visit can be arranged by telephoning the surgery, preferably before 10.00am. Please be prepared to give details to our receptionist as this will help us to see the most urgent cases first.

IN AN EMERGENCY WHEN THE SURGERY IS CLOSED PHONE

01480 860205

Then follow the directions given

The practice is covered by the Emergency service:

Weekdays: 6.00pm-8.00am

Weekends: 6.00pm Friday to 8.00am Monday
and bank holidays

Results

If you have any tests, do remember to contact the surgery for results, after 10.00am any weekday. Cervical smear results will be sent to you by the Health Authority.

Training at the Medical Centre

GP Registrars: We are accredited as a training practice. A Registrar is a qualified doctor undertaking further training to become a GP. Their previous work has been mainly in hospital. You may be asked if your consultation with the GP Registrar can be videotaped. Your consent will always be required.
Medical Students: Twice a year we have 2 medical students in their last year at Medical School who spend a month with us to learn more about general practice. They also see patients but only with your consent.
